Paul Lyons

A handwritten signature in cursive script that reads "Paul Lyons".

Date: January 2020

EMF CONTRACTING LIMITED

COMPANY MANAGEMENT

- The Managing Director has ultimate responsibility for environmental affairs within the Company and with the Director Responsible for Health and Safety taking responsibility for ensuring that EMF Limited's policy principles are implemented to ensure progress is monitored on a continual basis.
- The Director Responsible for Health and Safety will periodically review this policy to ensure that it reflects the latest developments in technology, legislation and the needs and expectations of society.
- The Board of Directors is responsible for the development and endorsement of the Environmental Policy Statement.
- The management will implement the environmental policy and will contribute to its successfulness.
- The Environmental Policy Statement will incorporate the following Policy Principles.

POLICY PRINCIPLES

Communications and Awareness

- EMF Limited recognise the legitimate interest that others have in its environmental performance.
- EMF Limited will communicate openly about its environmental policies and procedures.
- EMF Limited will take steps to raise the awareness of its workforce to environmental issues. All employees will receive training where necessary to enable them to play a full role in implementing the environmental policy.

Statutory Authorities and Legislation

- EMF Limited will give full co-operation to statutory bodies engaged in environmental protection.
- EMF Limited will be continually informed about the environmental issues and legislation affecting its operations.

EMF CONTRACTING LIMITED

Discharges and Emissions

- EMF Limited will minimise discharges and emissions of effluents arising from their operations.
 - Waste Minimisation Disposal and Recycling
- EMF Limited will ensure that wastes are disposed of in accordance with best practice statutory requirements.
- EMF Limited will seek to minimise waste arising from their operations and will promote waste recycling and use of recycled materials where necessary.

Site Surveying and Related Business Activities

- EMF Limited will promote environmental management needs during its core work activities, taking into account the efficient use of energy, materials and recognising the importance of conserving scarce and non-renewable resources
